Report generator for use within a lotus notes database system
US Pat. 6233583 - Filed Sep 10, 1998 - International Business Machines Corporation
Russ Kiger, "Expert system & Lotus Notes applications for retrieval of ... no
knowledge of the database system and with no knowledge of Lotus Notes query ...

Method and apparatus for implementing a hierarchical database management ...
US Pat. 5974407 - Filed Sep 29, 1997
For example, an ODBC connection may be made from a Lotus 30 Notes database to an
Oracle database. The relational database data may then be accessed and ...

Methods, systems and computer program products for providing document ...
US Pat. 6343297 - Filed Dec 30, 1998 - International Business Machines Corporation
New defects and features may be opened from the Notes database 100 so that ...
that are provided by Lotus Domino, the HTTP server component of Lotus Notes. ...

Systems, methods and computer program products for end-to-end software ...
US Pat. 6336217 - Filed Dec 30, 1998 - International Business Machines Corporation
As mentioned above and as described in more detail below, a single database
template 112 contains all the 65 information for defining a Lotus Notes database
...

Method of creating and using notes decision capsules
US Pat. 6094655 - Filed Sep 18, 1997 - International Business Machines Corporation
The target form 134 is a document in a specified Lotus Notes database 55 that
will contain the information produced by the capsule and created by the ...

System and method for automatically synchronizing different classes of ...
US Pat. 6446075 - Filed Feb 25, 1998 - International Business Machines Corporation
An example of a document oriented database is a LOTUS NOTES database. Although
the document oriented database 20 typically does not eliminate redundancies, ...

Method and system for converting expertise based on document usage
US Pat. 6377983 - Filed Nov 13, 1998 - International Business Machines Corporation
In the case of documents 50 retrieved from a LOTUS NOTES database, the document
identifiers are LOTUS NOTES Universal Identifiers (UIDs) which name any ...

Client-based application availability and response monitoring and reporting ...
US Pat. 6070190 - Filed May 11, 1998 - International Business Machines Corporation
This transaction, while not a common user request for a Lotus Notes database,
mail or hub server, is indicative of the availability and 50 response time of
...

System and method for synchronizing data in multiple databases
US Pat. 6516327 - Filed Sep 24, 1999 - International Business Machines Corporation
The Lotus Notes™ system offers a feature called replication, which allows the

multiple databases transaction networking   Search Patents

Patents   Showing: [Any status ▾]   View as: [List ▾]   Patents 11 - 20 on multiple databases tra

System, method and article of manufacture for demonstrating E-commerce ...
US Pat. 6427132 - Filed Aug 31, 1999 - Accenture LLP
Such a search system permits searching across multiple databases. ... from a
large customer transaction database by analyzing its transaction records. ...

Method for managing distributed savepoints across multiple DBMS's within a ...
US Pat. 6816873 - Filed May 15, 2001 - International Business Machines Corporation
If a reason for rejection is found the transaction is rolled back across the
DBMS ... rollback, and release savepoints across multiple databases management
...

System and method for managing transactions relating to real estate
US Pat. 6321202 - Filed Dec 10, 1999 - Home Link Services, Inc.
Servers 12 and 14 host multiple web sites and house multiple databases necessary
for the proper operation of the system of the subject invention. ...

Preforming concurrent transactions in a replicated database environment
US Pat. 5781910 - Filed Sep 13, 1996 - Stratus Computer, Inc.
Furthermore, in „ „, „„„„„-„ order to manage multiple databases and handle
... 40 transaction, or an ABORT message, signaling mat the par- are often used
...

Video conferencing fault management in a hybrid network
US Pat. 6426948 - Filed Jun 2, 1999 - Accenture LLP
Such a search system permits searching across multiple databases. ... from a
large customer transaction database by analyzing its transaction records. ...

Customer-driven QOS in hybrid communication system
US Pat. 6449588 - Filed Jun 2, 1999 - Accenture LLP
Such a search system permits searching across multiple databases. ... from a
large customer transaction database by analyzing its transaction records. ...

Rules database server in a hybrid communication system architecture
US Pat. 6542593 - Filed Jun 2, 1999 - Accenture LLP
Such a search system permits searching across multiple databases. ... from a
large customer transaction database by analyzing its transaction records. ...

User identification and authentication system using ultra long ...
US Pat. 5771291 - Filed Dec 11, 1995
In a yet further embodiment, each CD-ROM key is provided with multiple databases
of identification and encryption keys. The server or host computer is ...

System, method and article of manufacture for implementing a hybrid network
US Pat. 6611867 - Filed Aug 31, 1999 - Accenture LLP
Such a search system permits searching across multiple databases. ... from a

Patents   Showing: [Any status ▾]   View as: [List ▾]   Patents 1 - 10 on different types databas

Relational database system for storing different types of data
US Pat. 5551025 - Filed Nov 30, 1994 - MCI Communications Corporation
The statistics data are first stored in a fast response electronic storage
medium, after they have been segregated into different basic types of statistics
...

Organizing a process database having different types of data blocks by ...
US Pat. 5179701 - Filed Jun 15, 1989 - Intellution, Incorporation
... [54] ORGANIZING A PROCESS DATABASE HAVING DIFFERENT TYPES OF DATA BLOCKS BY
MAINTAINING SEPARATE TABLES FOR GENERIC ROUTINES AND FOR BLOCK-TYPE SPECIFIC ...

Methods and systems for object-based relational distributed databases
US Pat. 5560005 - Filed Feb 25, 1994 - ActaMed Corp.
... remote distributed heterogeneous databases such as those maintained by ...
computer systems of different types running different types of hardware, ...

Method and system for object-based relational distributed databases
US Pat. 5724575 - Filed Jul 1, 1996 - ActaMed Corp.
1 is modeled to customer database 26, which can be of varying types and is ...
data items) operate computer systems of different types, running differ- in ...

Database system employing polymorphic entry and entry matching
US Pat. 6032151 - Filed Nov 17, 1997 - Sun Microsystems, Inc.
If a user wants to look-up information in the database, the user must look-up
the exact record type (ie, records of different types are typically searched ...

Database and system for storing, comparing and displaying genomic information
US Pat. 5966712 - Filed May 15, 1997 - Incyte Pharmaceuticals, Inc.
Genetic databases for organisms such as Eschericia coli, ... invention provides
a method of comparing genetic complements of different types of organisms. ...

Wide access databases and database systems
US Pat. 6035294 - Filed Jul 3, 1998 - Big Fat Fish, Inc.
In preferred embodiments parameters are not tied exclusively to particular types
of items, but can instead be used with different types of items. ...

Method and system for multi-entry and multi-template matching in a database
US Pat. 6182083 - Filed Mar 20, 1998 - Sun Microsystems, Inc.
... records of different types are typically searched independently). ...
Consequently, databases are limited by their inability to store and manipulate
...

Data retrieval method and apparatus with multiple source capability
US Pat. 6023694 - Filed Jun 29, 1998 - Timeline, Inc.
On the positive side, by having a multiplicity of different types of systems,

Sort by relevance | Sort by date (new first) | Sort by date (old first)

Synchronization of plural databases in a database replication system
US Pat. 7003531 - Filed Dec 10, 2002 - Gravic, Inc.
On transactional systems, the block(s) can be enclosed in a transaction. ... are
both "live" databases that are each receiving transactions from applica- 35 ...

Method of operating a distributed databse based on object ownership and ...
US Pat. 5729733 - Filed May 5, 1995 - Harris Corporation
11 12 plural sites to which the transaction was provided until wherein the owner
of the transaction is defined as the a contrary indication has been ...

Synchronization of plural databases in a database replication system
US Pat. 6745209 - Filed Aug 15, 2001 - ITI, Inc.
BRIEF SUMMARY OF THE INVENTION 40 Plural databases are synchronized in a
database replication system that includes a plurality of nodes connected via ...

Use of web technology for subscriber management activities
US Pat. 5999973 - Filed Mar 12, 1998 - Telefonaktiebolaget L M Ericsson (publ)
To support this redundancy operation, the redundancy logic 22 keeps track of the
inter-relationships between the plural database network elements 16 ...

Customer administrative system management of redundant database network ...
US Pat. 6094660 - Filed Nov 21, 1997 - Telefonaktiebolaget LM Ericsson
For each order, the appropriate 40 ones of the plural database network elements
26 are ... Once this failure to complete the action(s) in each of the plural ...

Query supporting interface between a customer administrative system and ...
US Pat. 6124544 - Filed Nov 21, 1997 - Telefonaktiebolaget LM Ericsson (publ)
The interface as in claim 1 wherein the second logic functions to: receive
results from plural database network element processing of the database queries;
...

Asynchronous coordinated commit replication and dual write with replication ...
US Pat. 7177866 - Filed Sep 17, 2003 - Gravic, Inc.
A method of performing dual writes for replicating transactions among plural
databases located at different nodes, each transaction being one or more ...

Computer implemented method, system and apparatus for processing various ...
US Pat. 5963926 - Filed Mar 4, 1997 - Hitachi, Ltd.
A transaction processor for use in a transaction system for performing a
transaction with plural institutions using plural transaction cards, ...

Highly reliable online system
US Pat. 5596706 - Filed Aug 10, 1994 - Hitachi, Ltd., The Sanwa Bank Limited
When the sub-database record have been updated plural times, sub-database ...
When the main database records have been individually updated plural times ...

Patents   Showing: `Any status ▾`   View as: `List ▾`   Patents 1 - 10 on transactional sequenti:

Did you mean: *transactional sequence databases*

Replicating a database by the sequential application of hierarchically ...
US Pat. 5530855 - Filed Oct 13, 1992 - International Business Machines Corporation
One or more databases are stored in the storage devices 18. ... The records of
every transaction to the databases are kept in one or more logs stored on the
...

Method and system for mining generalized sequential patterns in a large ...
US Pat. 5742811 - Filed Oct 10, 1995 - International Business Machines Corporation
In addition, given a user- The set of maximal large sequences is returned to the
user defined taxonomy on the items, the desired sequential pat- to indicate ...

Method and apparatus for updating application databases used in a ...
US Pat. 5212789 - Filed Oct 12, 1989 - Bell Communications Research, Inc.
... ie application programs and databases, is loaded on only one processor at
... assures that sequential access for successive transactional messages of a
...

Computer program product and program storage device for improving data ...
US Pat. 5561798 - Filed Jun 7, 1995 - International Business Machines Corporation
This minimizes system overheads to manage shared databases that are no longer in
... 20 action record is stored at an offset location in a sequential log, ...

Mapping words, phrases using sequential-pattern to find user specific trends ...
US Pat. 6006223 - Filed Aug 12, 1997 - International Business Machines Corporation
Conf. on Very Large Databases (VLDB), 1995. In step 312, "pruning" of the
phrases ... The pass "Mining Sequential Patterns: Generalizations and
Performance ...

High-speed database checkpointing through sequential I/O to disk
US Pat. 5996088 - Filed Jan 22, 1997 - Oracle Corporation
In contrast, the present invention writes the modified data in a continuous,
sequential stream. By writing the data sequentially, the time for performing a
...

System and method for improving data recovery performance
US Pat. 5581750 - Filed Mar 15, 1993 - International Business Machines Corporation
... and a plurality of data stored in a plurality of databases, wherein a ... a
transaction record is stored at an offset location in a sequential log, ...

Method and system for supporting concurrent use during sequential batch ...
US Pat. 5220665 - Filed Apr 30, 1990 - International Business Machines Corporation
Still more particularly the present invention relates to database applications
which support sequential batch applications and permit the continued ...

Sort by relevance | Sort by date (new first) | Sort by date (old first)

Processes and materials selection knowledge-based system
US Pat. 6220743 - Filed Apr 4, 1997 - The Dow Chemical Co.
XLW DDE to Excel to load, run, save, and close the engineering properties
database message handler for the "Test Cases" menu item DDE to Excel to load,
run, ...

Centrally coordinated communication systems with multiple broadcast data ...
US Pat. 6014644 - Filed Nov 22, 1996 - PP International, Inc.
When Excel or another windows compliant spreadsheet program is utilized, ... A
method for broadcasting a message from a sender to at least one receiver and ...

System and method for fleet tracking
US Pat. 6339745 - Filed Oct 12, 1999 - Integrated Systems Research Corporation
23, a spreadsheet is prepared with Microsoft Excel™ that reports a record ...
the correct report databases simply by virtue of the presence of a code key. ...

System, method and article of manufacture for a goal based educational system
US Pat. 5987443 - Filed Dec 22, 1998 - AC Properties B. V.
With that in mind, designers can use the power of Excel formulas to build ...
This message is to advise the ICA to remove this information from its memory.
...

System, method and article of manufacture for a goal based educational ...
US Pat. 6067537 - Filed Dec 22, 1998 - AC Properties B.V.
This message is to advise the ICA to Visual Basic development plat. The control
supports print- ... mg and is compatible with Microsoft Excel spreadsheets. ...

Method and apparatus based on relational database design techniques ...
US Pat. 6212530 - Filed May 12, 1998 - Compaq Computer Corporation
The present invention employs a modified process- message matrix 71 of FIGS. ...
for example, Microsoft Excel in one embodiment of the present invention. ...

Database Synchronizer
US Pat. 5926816 - Filed Oct 9, 1996 - Oracle Corporation
7 is a schematic diagram of a table row message. FIGS. ... In general, although
not required, the databases on the server and clients are heterogeneous. ...

System, method and article of manufacture for a simulation system for goal ...
US Pat. 6003021 - Filed Dec 22, 1998 - AC Properties B.V.
40 n™c value)' This message Is to ... Define a name for cell C2 in Excel. Here
we have mg and is compatible with Microsoft Excel spreadsheets. , ,, , «„· ...

System and method for storing and retrieving performance and topology ...
US Pat. 5963943 - Filed May 28, 1996 - MCI Communication Corporation
Example embodiments of the ten (10) network performance message formats

Did you mean: *transactional relational database access database*

Mapping interface for a distributed server to translate between dissimilar ...
US Pat. 6199068 - Filed May 21, 1998 - ABB Power T&D Company Inc.
45 The AMR Server 15 uses a relational database with an object-oriented ... and
end transactions, and use the RM's native API to access and modify data. ...

Simplified interface for relational database access using open database ...
US Pat. 6065002 - Filed Oct 31, 1996 - Systems and Computer Technology Corporation
SIMPLIFIED INTERFACE FOR RELATIONAL DATABASE ACCESS USING OPEN DATABASE
CONNECTIVITY BACKGROUND OF THE INVENTION The present invention relates to
relational ...

Optimized caching of SQL data in an object server system
US Pat. 5897634 - Filed May 9, 1997 - International Business Machines Corporation
The access intent is used together with the caching mode to determine the type
of relational database locking to use and whether to store the data cache ...

Method for deallocating a log in database systems
US Pat. 5832508 - Filed Nov 14, 1996 - Sybase, Inc.
For an overview of relational database systems, see the above- mentioned An ...
controls concurrent access to the log by multiple database transactions. ...

Automated meter reading system
US Pat. 6088659 - Filed May 21, 1998 - ABB Power T&D Company Inc.
The AMR Server 15 preferably accesses the relational database 120 ... to begin
and end transactions, and use the RM's native API to access and modify data. ...

Structured query language to IMS transaction mapper
US Pat. 5761494 - Filed Oct 11, 1996 - The Sabre Group, Inc.
A set of related tables forms a database. ments. The direct database access
tools do not allow access The tables in a relational database are separate but
...

Database management system and method for accessing rows in a partitioned table
US Pat. 6349310 - Filed Jul 6, 1999 - Compaq Computer Corporation
1, in a traditional relational database 30 environment, an application program
50 ... of transactions while executing long running streaming access queries.
...

Database management system and method for updating specified tuple fields ...
US Pat. 6397227 - Filed Jul 6, 1999 - Compaq Computer Corporation
While many transactions include the execution of a SQL statement, transactions
and ... 1, in a traditional relational database application starts a second ...
